CONSTRUCTION OBSERVATIONS RESPONSE LOG

Revision
Updated

Contractor-side response tracker | Link each response to the issuer's observation reference

COMPACT / A4 LANDSCAPE | one issue per row | use related document for full evidence

Observation ID	Issued date	Location	Division	Finding / description	Resolved via	Submission ref	Submitted date	Status

VR, objection or WIR are example response routes only; the project procedure and contract determine validity.
Use the original observation ID; Submitted does not mean Accepted or Closed. Enter the reference of the actual response.
