# Façade Access and Fall-Protection Inspection Checklist

Use our interactive checklist to inspect façade access systems and fall-protection gear. Commentable and exportable as PDF/Excel.

Project:

Date:

Filled by:

## Cradle Inspection

1	Check the structural integrity of the cradle frame to detect any signs of damage, rust, or deformation.
2	Inspect the mechanical components, including pulleys and winches, for proper functionality and wear.
3	Test the emergency stop mechanisms to ensure they are operational and responsive.

## Anchor Inspection

4	Verify the anchorage points for stability and check for any signs of corrosion or damage.
5	Ensure the connectors are securely attached and functioning correctly without any obstructions.
6	Review the manufacturer's instructions for any specific maintenance requirements.

## Fall-Protection Gear Inspection

7	Inspect harnesses for cuts, tears, or other damage, ensuring all buckles are operational.
8	Check lanyards for fraying and ensure the energy absorbers are within their service life.
9	Confirm the compatibility between different components of the fall-protection system.

## Documentation and Record Keeping

10	Keep detailed records of each inspection, noting any defects and the corrective actions taken.
11	Ensure all inspection records are signed off by a certified inspector.
12	Store records securely, accessible for future audits and reviews.

Introduction	How to use this checklist
Inspecting façade access systems and fall-protection gear is crucial for ensuring the safety of workers operating at heights. This checklist focuses on the thorough examination of cradles, anchors, and personal protective equipment used in façade work. By following this guide, you can minimize risks, ensure compliance with safety standards, and maintain the integrity of the equipment. Interactive features allow users to tick off items, leave comments, and export reports as PDF or Excel, secured with a unique QR code for authenticity.	1. Click the 'Use this checklist' or 'Start Interactive Checklist' button to launch interactive mode. 2. Tick each item online as you complete it. 3. Add comments on individual items or the entire checklist. 4. Click 'Share' or 'Download' to download your completed checklist as PDF or Excel. 5. Review the final report, share with stakeholders, and archive using digital signatures and QR code authentication for security and traceability.
