# Final Cleaning and Debris Removal Inspection Checklist

Interactive checklist for inspecting final cleaning and debris removal. Commentable, exportable as PDF/Excel with QR code authentication.

Project:

Date:

Filled by:

## Initial Site Walkthrough

1	Conduct an initial walkthrough to identify areas requiring cleaning and debris removal.
2	Document any visible debris and note specific areas that need attention.

## Debris Removal

3	Collect and properly dispose of large construction debris, ensuring all pathways are clear.
4	Sort debris for recycling where applicable, adhering to environmental regulations.
5	Check all rooms and exterior areas for small debris and remove as necessary.

## Surface Cleaning

6	Clean all windows and glass surfaces using appropriate cleaning solutions.
7	Mop and sanitize all floors, ensuring no residue is left behind.
8	Wipe down all fixtures and fittings, removing any dust or fingerprints.

## Final Inspection

9	Conduct a final inspection to ensure all cleaning and debris removal tasks are completed satisfactorily.
10	Verify that all materials have been disposed of according to regulations and that no debris remains.
11	Ensure all cleaning tools and equipment have been properly stored or disposed of.

Introduction	How to use this checklist
<p>Final cleaning and debris removal are critical steps at the end of a construction project. This phase ensures the site is safe, aesthetically pleasing, and ready for use. Our checklist covers the key tasks and inspections needed to verify that all construction debris is removed, surfaces are cleaned, and any remaining issues are addressed. Completing these tasks not only enhances the appearance and safety of a site but also prevents future maintenance problems. Users can interact with this checklist online, mark tasks as complete, add comments, and export the finished report with a QR code for authenticity.</p>	<p>1. Gather necessary cleaning tools, safety gear, and disposal materials before beginning. 2. Click the “Start Interactive Checklist” button to launch interactive mode. 3. Tick each item online as you complete it. 4. Add comments on individual items or the entire checklist as needed. 5. Click Share or Download to download your completed checklist as PDF or Excel.</p>
