# Rainwater Harvesting System Installation Inspection Checklist

Interactive checklist for inspecting rainwater harvesting systems. Tick, comment, and export as PDF/Excel. Ensure efficient and safe installations.

Project:

Date:

Filled by:

## Catchment Area Inspection

1	Verify roof surfaces are clean and free from debris to ensure optimal water collection.
2	Check gutters and downspouts for proper alignment and secure attachment.
3	Ensure gutter guards are in place to prevent debris build-up.

## Storage Tank Evaluation

4	Inspect storage tanks for structural integrity and level placement.
5	Check tank seals and fittings for signs of leaks or wear.
6	Ensure overflow systems are properly directed away from the foundation.

## Filtration System Check

7	Verify installation of pre-filtration devices to protect main filters.
8	Inspect main filters for cleanliness and replace if necessary.
9	Test filtration system for proper operation without leaks.

## Pump and Distribution Review

10	Check pump for stable installation and absence of vibrations.
11	Test pump operation to ensure consistent water flow.
12	Inspect distribution lines for leaks or blockages.

Introduction	How to use this checklist
Inspecting a rainwater harvesting system installation involves verifying the correct setup and functionality of components designed to collect, store, and utilize rainwater effectively. This checklist covers the critical aspects of system installation, including tank placement, gutter systems, filtration units, and pump integration. Proper inspection ensures system efficiency, safety, and longevity, minimizing risks such as leaks or contamination. Users can interactively tick items, add comments, and export the completed checklist as a PDF or Excel file, secured with a unique QR code for authenticity.	1. Click the “Use this checklist” or “Start Interactive Checklist” button to launch interactive mode. 2. Tick each item online as you complete it. 3. Add comments on individual items or the entire checklist. 4. Click Share or Download to download your completed checklist as PDF or Excel.
