Security System Rough-In Inspection Checklist

Interactive checklist for security system rough-in inspections, commentable and exportable as PDF/Excel, ensuring thorough installation and verification.

Project:
Date:
Filled by:

Wiring Inspection	
1	Check that all wiring is routed according to the installation plans.
2	Ensure proper wire gauge is used for each connection point.

Mounting Verification	
3	Verify that all mounts are securely attached to structural supports.
4	Ensure that all brackets and mounts are level and aligned correctly.

Conduit and Pathway Checks	
5	Check that all conduit pathways are clear and accessible.
6	Confirm that all conduits are properly secured and labeled.

Component Labeling	
7	Ensure all wires and components are labeled for future reference.
8	Double-check that labels are clear and durable.

Connection Security	
9	Verify that all electrical connections are secure and insulated.
10	Test connections to ensure they are functioning correctly.

Plan Compliance	
11	Regularly review the installation plans to ensure compliance.
12	Document any deviations from the plan and adjust accordingly.

Introduction	How to use this checklist
Inspecting the security system rough-in is a critical phase in the installation process where the foundational elements are set before the final fixtures are added. This includes the installation of wiring, mounts, and support structures that ensure the security system will function effectively and reliably. This checklist covers all important aspects from wiring verification to structural inspections, ensuring all components are correctly installed and operational before the final system setup. Using this interactive checklist can help avoid future malfunctions and costly repairs, ensuring a seamless final installation. Users can tick items, leave comments, and export the completed checklist as a PDF or Excel file, authenticated by a unique QR code.	1. Click the “Use this checklist” or "Start Interactive Checklist" button to launch interactive mode. 2. Tick each item online as you complete it. 3. Add comments on individual items or the entire checklist. 4. Click Share or Download to download your completed checklist as PDF or Excel.
