# Wallpaper Adhesion & Seam Alignment Inspection

Interactive checklist for inspecting wallpaper adhesion and seam alignment. Comment, export as PDF/Excel, and ensure flawless installation.

Project:

Date:

Filled by:

## Preliminary Checks

1	Verify that the wallpaper is the correct type and pattern as specified.
2	Ensure that the wall surface is clean, dry, and properly primed before wallpaper application.

## Adhesion Checks

3	Check for any bubbling or lifting edges which indicate poor adhesion.
4	Ensure that the adhesive used is suitable for the wallpaper type and wall surface.
5	Test adhesion by gently tugging at the wallpaper edges; it should remain firmly attached.

## Seam Alignment

6	Inspect seams to ensure they are straight and aligned; use a laser level for accuracy.
7	Ensure that seams are tightly joined with no gaps or overlaps.
8	Verify that pattern matching is consistent across all seams.

## Final Inspection

9	Walk the entire area to check for uniformity in appearance and color.
10	Ensure no excess adhesive is visible on the surface of the wallpaper.
11	Document any issues or areas requiring touch-up and schedule maintenance if necessary.

## Introduction

Wallpaper adhesion and seam alignment inspections are critical to ensuring a professional and flawless finish in any interior space. This process involves checking the bond between the wallpaper and the wall surface, as well as ensuring that seams are aligned perfectly to maintain aesthetic continuity. This checklist covers all necessary inspection points to ensure quality and durability. Interactive elements allow users to tick off tasks, add comments, and export the completed checklist with a QR code for authenticity.

## How to use this checklist

1. Prepare your inspection area with necessary tools: laser level, adhesive, seam roller, and a clean cloth. 2. Click the "Start Interactive Checklist" button to launch interactive mode. 3. Tick each item online as you complete it during your inspection. 4. Add comments on individual items or the entire checklist as needed. 5. Click Share or Download to save your completed checklist as PDF or Excel. 6. Review, share, and archive the final report with digital signatures and distribute to stakeholders. Use QR code for authenticity.
